**DR Congo forces to suspend operations against the LRA**  
* (Sudan Tribune website) Regular forces of the Democratic Republic of Congo (DRC) will cease military operations against the Ugandan rebels, the Lord’s Resistance Army (LRA), said President Lauren Kabila. LRA forces have been reportedly clashing with Congolese troops for the last two months inside DR Congo as the rebels have been allegedly destroying Congolese villages and abducting children.

President Kabila told GoSS agree to a Vice President Dr. Riek Machar in their meeting in Nairobi on Friday that his forces would ceasefire with the LRA on condition that Joseph Kony signs the Final Peace Agreement with the Uganda government by the end of November.

Machar met with senior United Nations personnel on the Uganda peace process. They discussed possibility of stationing some members of the Cessation of Hostilities Monitoring Team (CHMT) with UN MONOC forces based in Dungu and other areas inside DR Congo to monitor the movement and activities of the LRA.

CHMT was established in Juba to monitor the implementation of the cessation of hostilities agreement signed two years ago between the Uganda government and the LRA, and it is composed of senior military officers from Kenya, South Africa, Mozambique, Tanzania, DR Congo, Uganda, Southern Sudan and the LRA.

The Team is led by Major General Wilson Deng of the Sudan People’s Liberation Army (SPLA).

MONOC forces would also provide the CHMT members to be based in DR Congo with necessary logistical support.

Vice President Machar, who is the Chief Mediator of the Uganda peace talks, said he had also reached an understanding with UNMIS in Southern Sudan to reconstruct the main road from the Sudan-DR Congo border at Ri-kwangba up to Maridi town in Western Equatoria state.

The UN MONOC forces would also construct a road from the DR Congo side of the border to link the two countries by land.

He said this would also connect Sudan’s UNMIS and DR Congo’s MONOC by land and would make movement and trade between Western Equatoria state and DR Congo possible.

A Stake holders’ Consultative Conference held in Kampala this week called on the LRA leader to sign the peace agreement by November 29, 2008. On Thursday, President Yoweri Museveni of Uganda said Uganda would approach the ICC to defer the indictment after the LRA leader has signed the Final Peace Agreement.

**Senior Rwandan official arrested**  
* (BBC) German police have arrested a senior Rwandan official in connection with the killing of a previous president whose death triggered the 1994 genocide. Rose Kabuye - the chief of
protocol for current Rwandan President Paul Kagame - was detained on arrival at Frankfurt on a warrant issued by a French judge. She is one of nine senior Rwandan officials wanted over the shooting down of Juvenal Habyarimana's plane. All are members of the party which ousted the genocidal regime.

Correspondents say Ms Kabuye, a former guerrilla fighter with the Rwandan Patriotic Front (RPF), now Rwanda's ruling party, has heroic status in Rwanda. She has since served as an MP and mayor of the capital Kigali, and is one of President Kagame's closest aides.

A German diplomat told AFP news agency that Ms Kabuye had been in Germany on private business and that Germany was "bound to arrest her" by a French-issued European arrest warrant.

Ms Kabuye has visited the country before but under German law could not be arrested as she was part of an official delegation.

The government denies involvement in the death of the former president

"Rwanda has been made aware on several recent occasions that if Ms Kabuye returned to Germany she would be arrested," said the diplomat.

Ms Kabuye's lawyer said she would be transferred to France "as quickly as possible".

"She is ready to speak to the judges, especially since, to our knowledge, there isn't much in the dossier," said Leon-Lef Forster, referring to the evidence against his client.

AFP quoted Rwandan Information Minister Louise Mushikiwabo as saying that Ms Kabuye's arrest was a "misuse of international jurisdiction".

Ms Kabuye and the eight other senior RPF officials were indicted in France in 2006 following an investigation.

Earlier this year, Ms Kabuye's lawyers complained that they were being denied access to the indictment dossier, and criticized what they described as France's "silence" over the case, says our correspondent.

The African Union (AU) has said arrest warrants would not be recognized in AU countries and has also accused France of violating international law by failing to bring the case to trial.

**Sudan and Chad ambassadors arrive to their posts**

(Sudan Tribune website) Chadian Ambassador Baharadine Haroune Ibrahim, who had been expelled last May from Khartoum, arrived yesterday in the Sudanese capital to resume his activities.

Sudan broke off diplomatic relations with Chad in May, accusing Ndjamena government of sponsoring an attack on Khartoum by Darfur rebel group the Justice and Equality Movement.

"I'm very happy to be back in my post," Ibrahim told reporters. He further thanked Libya, which worked for the restoration of full diplomatic ties between the two countries.

"We came round to the idea of strengthening our relations in all sincerity and to live in harmony
as two brotherly neighbours who share many things in common," Ibrahim further said. The Chadian envoy stressed that talks are the best way to resolve conflicts "if some problems arise then people should sit down and resolve them."

Sudanese ambassador Abdellah Al-Shaikh hailed historical day; hoping it would end terrible diplomatic tension that went on between the two countries for six months. "This problem has to be solved then to create the condition to solve the big issue of Darfur. If not, it will be impossible to have a solution in Darfur." the Sudanese Ambassador said.
